

HONORARY LEAGUE SECRETARY'S REPORT 2017/18 SEASON

NIGHTMARE ! DISASTER ! STRESS ! CATASTROPHY ! WHAT HAVE I GOT MYSELF INTO !

Some of the words I won't have to use as it has gone remarkably well.

Challenging best describes this season as the first incorporating collating match results via email, thus putting the old postcard system to bed.

With 21 divisions containing a total of 152 teams this led to a total of some 450 matches played.

I would like to say a big thankyou and well done to all clubs for adopting the new system and the outcome has been nothing short of FANTASTIC. By the season end of March 31st only 13 matches had results missing and they weren't lost in the post ! they actually hadn't been played yet. Due to poor weather earlier in the season these were played within a few weeks post season allowing the final tables to be completed 3 weeks into April.

A special mention and Congratulations to the following clubs :-

Rolls Royce for winning Premier Mens and Premier Mixed.

Forest for winning Premier Ladies, 2 mixed divisions and 1 Mens division.

Carlton with 3 Divisional winners from 9 teams entered.

I would also like to thank Mark Ransom whose I.T. expertise has been invaluable through the season in getting results faster onto the Notts BA website after matches have been played.

Thankyou again and good luck next year !

Andrew Tyas
